me: mums the word for now, but Gregg Housh and I are now being repped by Writer's House, the proposal for Anon book went out last Friday, and we've already got two requests for meetings out of three responses (the other being a pass) out of 15 queries so far, so going to NYC on the 17th
me: so it'll likely be a big release
Tim: That's really good news, man. How's everything else going?
me: same 'ol, just running Project PM, keeping up on Anon stuff, still working with some of them and helping to arrange the legal defense for those that have gone/are going down
